ABOUT

ABOUT THE EDITOR

The PM2024 Editor is a powerful editing tool that allows the user to modify the Football Manager 2024 database.

For optimal performance it is recommended that you use the PM2024 Editor on a high-end machine with at least 32GB RAM or more.

Due to the massive amount of data stored in the Football Manager 2024 database you may experience poor or slow performance on low-end systems.

To find out more about editing, please visit the Editors' Hub page at <https://community.sportsinteractive.com>.
